This is Greg, this is just a reminder to send us the 30,000 subscribers. We'll be able to give you Electric Touch +, the new Spider Pen, and some loops, which is valued at about \$500 in total. We will send them all in a few weeks when the Electric Touch + is completed. You will be one of the first to receive it along with free shipping. We really appreciate this. At what time do you think we will be able to see the mailing lists

Ok.
Let's do that.
The new list will contain thousands of sorted valid magicians.

Roy, this is almost double the amount that you agreed upon with Yigal. This is the best we can do.

1 New Electric Touch
1 Tarantula
1 Box of Loops (25)
1 Spider Pen
3 Mesika Elastics
Free Overseas Shipping (This will cost us close to \$100 by itself)

If this does not sound fair to you, then we have to pass.

We understand that you are going to give us a better list, but please keep in mind that our offer was sincerely generous and fair. Our offer stands as mentioned in the previous email. Yigal had hoped you would do this as a favor for free considering the favors he did for you in the past as well as

the friendship you've built over the past years, but our offer still stands.

On Feb 27, 2013, at 3:31 PM, Roy Zaltsman wrote:

The reason I have requested more items is because I need to work especially and intensely to make a new fresh list and it will take me about 48 hours.

It will not be the list I had two years ago. It will be a fresh list with validated emails and without duplicates. It's damn hard work...

Please advise,
Roy

Yigal offered you a generous offer with \$500 worth of retail products a week ago. Our offer will stay the same. Half of this was ok with you. The most we can do is add another Tarantula and free shipping. If that is not acceptable, we will have to pass. To be honest, however, Yigal believed you would do this for him as a friend considering what he's done for you in the past.

I can hack the main forums and get the most updated emails.
I can also check the emails to be valid without duplicates and therefore you shall receive a high quality focused list that contains thousands of relevant magicians.

For this work I ask:

- 1 Electric touch (new edition)
- 2 Spider Pens (new edition)
- 2 Tarantulas
- 2 25 loops pack
- Shipping included

Please tell me if it's OK with you and I shall get to work immediately.

.The way I scan sites grab emails from web sites that are connected to the sites I am scanning
.This is a very good way to get lots of emails, but there will be also irrelevant mails too

:The magic Café list is a good example
.The short list is "clean" from irrelevant emails and it contains only the magic café members
.The long list contains many emails from members websites + crap mails too
